The SeminoleWAY initiative was conceived by a visionary partnership of business and governmental leaders drawn from on the Seminole County Regional Chamber of Commerce. The Mission: to create a strategic land use and economic development plan focused on attracting high value/high wage jobs and businesses to the county along the State Road 417 Corridor and across I-4 to the Port of Sanford. Real Estate Research Consultants was retained in early 2008 to lead a team of professionals to prepare a detailed evaluation for support of this visionary economic development strategy.
