Financial Analysis

Real Estate Research Consultants (RERC) provides ongoing assistance to Xentury City. The market, development and formal support for a 400-acre tourist/commercial development of Regional Impact approved adjacent to Walt Disney World near Orlando, FL. The planned global resort City is anticipated to include thousands of hotel rooms, retail and entertainment offerings and related hospitality support uses. RERC has provided continuing services for more than 15 years in implementation of the master plan.

RERC's continuing services have included financial modeling, retail, residential, hotel, and office market analyses, economic impact analyses, and strategic planning and development support.
